

...a pleasant experience that helps us continue to build vibrant communities!

Richmond **Redevelopment & Housing Authority**
BUILDING VIBRANT COMMUNITIES

RRHA

To Prospective Housing Choice Voucher Program Participants:

Richmond Redevelopment & Housing Authority provides financial assistance to eligible families who meet the requirements to participate in the Housing Choice Voucher Program. This program provides these eligible families financial assistance that can be used for paying rent and utilities. Participants are able to seek safe, decent and affordable housing of their choice such as a house, townhouse or an apartment in the private sector.

During the application process, RRHA will collect information on family income, assets and family composition (family size, special needs, etc.). RRHA will verify information given by the family with the appropriate agency, employers and banks and will use the information to determine program eligibility and the amount of rental assistance given.

If RRHA determines that a family is eligible, the Housing Authority will put that family's name on a waiting list due to high interest in the program. Once a family's name is reached on the waiting list, RRHA will contact them and a Housing Choice Voucher will be issued.
