### Free vaccination is available to Richmond Redevelopment & Housing Authority residents in the following priority groups:

- Pregnant women
- Children and adults ages 6 months to 24
- Household members and caregivers of infants under 6 months of age
- All persons aged 25 to 64 who have chronic health conditions (asthma, diabetes, cardio-vascular illness, weakened immune system, etc.)

Vaccination clinics for other Richmond Redevelopment & Housing Authority communities will be scheduled in the near future.

The Richmond City Health District wants you to know that H1N1 virus is widespread in our community and flu activity is likely to increase as we go into the winter flu season. H1N1 vaccine is a safe and effective way to protect yourself and your family. Call 482-5506 for information about H1N1 vaccination availability at the Richmond City Health District.
